It's news:

Niewola's found in Texas! Living in Him!

Blessings of the past year

Our mission assignment

✓ The vision the Lord gave us in 2006 of "Helping Hands - Helping Hearts" is for the Church, local AND global. It continues to take form. We are networking in the USA, and working world-wide.

Amazing Events 2010-2011

✓ Arranged for artist/preschool teacher Gail Timmins to initiate art experiences in Eternity Gospel Church's preschool program in Karen, Kenya.

✓ In 2006 we took evangelist Gary Hale with us to Africa. Last year he completed his 3rd trip to work with Combined Harvest Ministries, an indigenous organization with which we have established close ties. The outreach encompasses most of Uganda and the border areas of Congo and Rwanda. We administer his activities and trips; he travels under the umbrella of Come Alive Ministries.

✓ Held local small group meetings in our home during the Lenten season as an outreach to the neighborhood.

✓ Met regularly with missionaries Tom and Mary Herrmann for prayer, encouragement, and preparation for their return to Zimbabwe.

✓ As an expression of "Helping Hands - Helping Hearts" we had earlier

connected Combined Harvest Ministries (Uganda) with Intensive Care Ministries (USA) www.icmbible.org. This has resulted in hundreds of pastors being trained in accurate use of the Scriptures in preaching and teaching this last year alone.

✓ A friend of Come Alive donated several computers to our ministry, and we were able to pass them on to Combined Harvest Ministries, giving their leaders tools for communication and further biblical studies.

✓ Worked with local churches that have a presence at the University of Texas, Austin campus, to share the Gospel with international students.

People meeting Jesus

✓ Through a connection with Gospel Outreach Association's Kenneth Stoltenburg, Gary Hale was able to bring in Gospel videos and projection equipment to Uganda. Showings in primary and secondary schools throughout northern Uganda resulted in hundreds of school students making decisions to follow Jesus Christ, hallelujah!

✓ One of the factors in gaining access to the schools has been the relationship between Combined Harvest Ministries and Come Alive Ministries, and now

other ministries in the USA, in that our participation lends a level of authenticity to their own indigenous organization. This is another example of the power in **“Helping hands–helping hearts.”**

Action in Austin NOW!

Current responsibilities

✓ Stirring mission vision as ‘agents of change’ in local churches in our area. God has blessed us with missions contacts in numerous churches and some agencies in the Austin, TX area since our move here in late 2009. We see it as **local church—global outreach.**

✓ Hank and Mary were part of the pastoral baptism team for HighPoint Fellowship [www.myhpf.org] — 70 were baptized, PTL!

✓ They have become part of the HighPoint Mission Team charged with developing a new plan for enabling HighPoint to be a sending church for missionaries. The Holy Spirit is alive and well in Austin and stirring hearts!

Prayer requests

✓ Our son Jonathan is believing God to heal his back from scoliosis, NOW!

✓ Increase in support to fully implement the “Helping Hands - Helping Hearts” vision of teams of people from the USA being able to encourage and train the local churches already planted in 3rd world countries.

Strategic plans for 2011

✓ Collaborate with churches in our local area and African churches and leaders to extend and further implement the vision of **“Helping Hands–Helping Hearts.”**

✓ Provide quarterly support for our African representative in Uganda, Moses Ouni.

✓ Network with local and regional missions resources providing the local church with best practices and vision for their mission development.

Personally Speaking...

Jonathan attends the Art Institute of Austin, TX, working on a bachelors of science degree, majoring in Photography. He plans to locate in Colorado after graduation in the Fall, 2012.

Our daughter **Sarah** is living/working in Bryan, TX, while her husband **Mike** completes his college education. He will graduate this Dec with a degree in criminal justice.

Our daughter **Mary** resides in Budd Lake, NJ, works for Apple Computer and is a part of her church choir and small group ministry outreach.

At this time **Hank** is working full-time for Apple Corporate, and **Mary** is handling the office work for Come Alive. We can clearly see God’s hand in placing Hank at Apple. As God’s agent, Hank has had divine opportunities time and again to share the Good News of Jesus. Functioning in the customer relations department is giving him amazing lessons in (God’s) grace and mercy. We look forward, however, to his being in full time mission work again.

Your contribution toward Helping Hands–Helping Hearts will support Moses in Uganda and Come Alive in Texas!
